Report of Principal and School Improvement Council

This has been a great year at Hickory Tavern Middle School. We were greatly honored to receive a Gold Award from the State Department of Education. The school and community took great pride in this accomplishment. We continue to strive to improve our educational programs to better serve each individual student. We have developed programs to better serve our students in need of additional assistance in reading. We have small group English classes to target specific needs. We also strive to continue our goal of providing more technology into each classroom, and to provide hands on teaching with I Pads, computers, Promethean Boards and Kindles.

Hickory Tavern Middle School believes that we must be involved in and support our community and fellow man. We again provided Christmas for families in need and supported Relay for Life. For the first time we sponsored a 5k Run/Walk to support the Wounded Warriors Foundation. This event created enthusiasm within our school. We had a WWII veteran serve as our official starter. This was a great beginning to a program we hope to continue each year.

Hickory Tavern Middle School and the School Improvement Council work to establish and maintain partnership between school and community. We have discussed plans to provide opportunities for speakers from the community to bring their message to the students. This program would also provide mentor guides for students. Hickory Tavern Middle School is committed to providing the best educational opportunities possible. We work to review and improve our educational process. We also continue to improve our fine arts departments as well as athletic opportunities for students. We believe that all programs working together are necessary for well-rounded students. We are proud of our students and of their progress.

ESEA/Federal Accountability Rating System

In July 2013, the South Carolina Department of Education was granted a waiver from several accountability requirements of the federal Elementary and Secondary Education Act (ESEA). This waiver allowed SC to replace the former pass/fail system with one that utilizes more of the statewide assessments already in place and combine these subject area results with graduation rate (in high schools) to determine if each school met the target or made progress toward the target. This analysis results in a letter grade for the school rather than the pass/fail system of previous years. For a detailed review of the matrix for each school and districts that determined the letter grade, please use the following link: <http://ed.sc.gov/data/eSEA/> or request this information from your child's district or school.
